Coimbatore, Tamil Nadu, India
dakshu007.github.io/tharau-portfolio

Computer Science Engineering student (Class of 2027) who found her way into growth marketing. Four months on Yuko Loyalty at Cartrabbit: customer research, product positioning, messaging experiments, retention work with D2C brands and sales demos. Comfortable with data and tools, from Power BI dashboards to n8n automation.

EXPERIENCE

Growth Marketer (Internship) · Cartrabbit

Jun 2026 – Sep 2026 · Coimbatore

- Worked on growth and product marketing for Yuko Loyalty, Cartrabbit's customer loyalty and retention product
- Worked with regional D2C brands, focused on retention: helping them turn loyal customers into repeat orders
- Customer research, product positioning and messaging experiments
- Took part in sales demos alongside the team
- Hosted the company's Annual Event 2026 on 3 July 2026

Full Stack Developer Intern · App Innovation Technologies

Jun 2025 · Coimbatore

- Hands-on full-stack development internship during my Computer Science degree

PROJECTS

Meta Ad Library intelligence workflow

An n8n automation that scrapes and analyses competitor ads from the Meta Ad Library, so ad research turns into a repeatable insight engine instead of a manual scroll.

n8n workflow · PDF insights report · Loom walkthrough

Yuko Loyalty: turning loyal customers into repeat orders

Brands were losing repeat customers. I worked on how Yuko Loyalty is positioned and messaged, and on outreach to brands, so the value of a loyalty and retention program lands with the right people.

Positioning · Messaging · Brand outreach

Power BI dashboard

A dashboard built during my Data Analytics using Power BI certification: turning raw data into a view a marketer can act on.

Data modelling · Dashboard design · Insight storytelling

SKILLS

Marketing

Growth marketing · Product marketing · Positioning & messaging · Retention & loyalty marketing · Customer research · Competitor ad analysis · Sales demos · LinkedIn content & storytelling

Data & tools

Microsoft Power BI · n8n automation · Loom
